FREE PHOTOGRAPHY CLASS FOR CLUB MEMBERS

This will be the first of two Introduction to Photography classes we will hold this year. I will teach you the fundamentals of photography in this class. We will move from the automatic features of your camera to full manual. It is easier than you think. My goal is to take you from snap shots to great shots. We will also discuss composition.

This class is for those new to photography or anyone that wants to refresh their skills after a long winter. Bring your camera, all lenses and a tripod if you have one. Also bring your camera manual. It is recommended that you know how to change the shutter speed, aperture and ISO on your camera before we meet. I will provide handouts and I recommend you bring something to take notes on.

We will meet at Chatham Manor at 9AM on Friday April 1st. Rain date will be Friday April 8th. Let me know if you have any questions so that we can make the most of this 1 to 2 hour training session. We will have fun and you will come away with a better understanding of how your camera works.

We will be doing some architectural shots of the home, flowers, and landscapes shots of the Fredericksburg skyline.

We will meet by the fountain on the right side of the home.

Let me know if you have any questions.
